Opening Number Photo will be taken at the Recital due to the number of dancers involved.

Dancers arrive at the studio 15 minutes prior to their timeslot to ensure they are ready to go. Full costume, hair and make-up including dance shoes. Please no parents to enter the premises, this is a good time for those dancers with more than one dance to practice getting themselves dressed and asking for help if needed? However, if the costume coordinators could please be there that would be much appreciated.

If you would like your child to have an individual/ or family/cousin's photo then please complete the attached slip and return asap – we will try to get them done in the above timeslots but if not, you will be called back on Monday or Tuesday Evening with Bex (our fabulous photographer)

Dancers Name:

Please circle: Individual Family Cousins

Costume/Discipline you would like them in (if only in one then no need to list; but if more than one you can say “all” or list which ones)
